## General Information of NENU

Northeast Normal University (NENU) is an institution of higher learning under the direct administration of the Ministry of Education, and one of the national key universities given construction priority of the 211 Project. NENU is located in Changchun City.

The university comprises 78 undergraduate specialties, 34 M.A. programs of the first-level discipline, 22 Doctoral programs of the first-level discipline, 20 Post-doctoral Research Stations.

Six disciplines of NENU, mathematics, chemistry, statistics, Marxism, world history, materials science and engineering have been selected into the “Double First-rate” construction disciplines. Six disciplines, including pedagogy, ecology and biology etc., have been selected into A-level disciplines in the fourth round of national disciplines evaluation. There are five national key disciplines in NENU. Four disciplines have been listed in the top 1% of the ESI global ranking, and NENU has ranked fourth of the ESI total cited articles among national colleges and universities. The comprehensive strength of NENU’s disciplines was ranked World Top 500 in 2016.
